

OURANOS 1

OURANOS 1 in brushed bronze, black inside

OURANOS 1 is an imposing square ceiling light that can be installed in a false ceiling

He consists of a black housing in which a mobile spotlight for GU10 bulb is installed. After installing this box in the false ceiling, a brass frame remains visible around the box

The main advantage of this high quality ceiling light is that the frame has a wide range of finishes, all of which are remarkable

There are high wattage GU10 bulbs on the market

There is a model with two spots
