

SUSPENSION STEEL CABLE

SUSPENSION STEEL CABLE in brushed nickel

To place a lampshade on the ceiling or to suspend it, we offer you a wide range of ceiling lamps or suspensions

SUSPENSION STEEL CABLE is a suspension where the lampshade is fixed to an E27 fitting by a fixing ring. A 2m long electric cable and metal cable, adjustable during assembly, connects the fitting to a round ceiling base

If you are looking for a lampshade that can be adapted to the **SUSPENSION STEEL CABLE**, you will find lampshades called **TOUYA** and **KENTIKA**, which can only be placed on an E27 fitting, in our **LAMPSHADES TO HANG** range

OVERALL SIZES
