UP 38

UP 38 in brushed bronze. Metal finish code: 29

UP 38 is an indirect floor lamp. The light is directed upwards
The manufacture of this luminaire is remarkable: he is shaped by spinning (on a lathe) from a flat brass disc. The edges are raised until the 24cm cylinder high is obtained
This uplight easily brings light to dark corners of your home and a touch of light when all other lights are off
He is designed for a PAR38 (LED) bulb which, in addition to its high luminous flux, is designed to be glare-free
He is equipped with a foot switch

OVERALL SIZES

Ø13cm H24cm
