

## BOUTO + structures

BOUTO + structures in brushed bronze with KERMA structures and gold bulbs (Ø125mm)

**BOUTO + structures** is an attractive full-height wall light with three arms topped by decorative bulbs and square **KERMA structures**, which elegantly complete this luminaire. These structures are made of black epoxy-coated steel

Perfectly matched with a splendid **KERMA suspension**

If a pair of wall lights is used, one model can be placed on the left and one on the right

This model can be fitted with three lampshades
