INSTALLATION

Drill a rectangular (vertical) cut-out of 32x160mm in the bed headboard. In a wall, the depth will be 46mm.

Then fix the flush-mounted box in the cut-out

Connect the power supply (230V) to the driver

Unscrew the small ring around the bottom of the spotlight swivel joint. Unscrew the switch cover: the two plates are separated

Rotate the two plates by 90°, allowing the first plate to be fixed to the flush-mounted box using the two screws. Replace the decorative plate and retighten the ring and switch cover
