

Lampshade BARBADOS in Turda Abricot (fabric from category 3).
Interior lampshade in Patty Chamois

LAMP SHADE BARBADOS

The **BARBADOS lampshade** is a double conical lampshade, 50cm in diameter, that adds colour and presence to your decor. The choice and combination of materials is a 'plus' that enriches your suspension. This lampshade, designed to be suspended, is made up of two interlocking lampshades. The first, which is visible, is made from six panels of fabric. The second, made from a translucent, neutral material, enhances the luminous and colourful qualities of the outer fabric while concealing the inner bulb. For a beautiful lampshade like the **BARBADOS**, choose the outer fabric from our wide range of fabrics, materials and colours, and we'll suggest the material for the inner lampshade to decorate it to perfection.

OVERALL SIZES

Ø40 - 50 - 30cm
