

FR MONTAGE *d'un abat-jour sur une suspension KENTIKA CEILING, KENTIKA SHORT CEILING ou KENTIKA FINE CEILING*

La suspension *KENTIKA CEILING* est conçue pour placer un abat-jour type *KENTIKA* contre le plafond.

La suspension *KENTIKA SHORT CEILING* est conçue pour placer un abat-jour type *KENTIKA SHORT* contre le plafond.

La suspension *KENTIKA FINE CEILING* est conçue pour placer un abat-jour type *KENTIKA FINE* ou *NEFERKARE FINE* contre le plafond.

Après avoir installé la suspension au plafond, fixez l'abat-jour en vissant le gros boulon placé au bas de l'appareil.

En annexe des attaches vous sont fournies qui vous permettent, si nécessaire, de « mieux coller » l'abat-jour contre le plafond, tout cela dans le but d'éliminer les éventuels *jours déplorables*.

NL MONTAGE *van een lampenkap aan een hanglamp KENTIKA CEILING, KENTIKA SHORT CEILING of KENTIKA FINE CEILING*

De hanglamp *KENTIKA CEILING* is bestemd om de lampenkap *KENTIKA* tegen het plafond te plaatsen.

De hanglamp *KENTIKA SHORT CEILING* is bestemd om de lampenkap *KENTIKA SHORT* tegen het plafond te plaatsen.

De hanglamp *KENTIKA FINE CEILING* is bestemd om de lampenkap *KENTIKA FINE* of *NEFERKARE FINE* tegen het plafond te plaatsen.

Na de installatie van de hanglamp tegen het plafond, kan U de lampenkap bevestigen door middel van de fixatie die voorzien is aan de onderkant van het toestel. In bijlage vindt U de bevestigingen die U toestaan om nog beter de lampenkap tegen het plafond te « plakken », dit met doel om eventuele, *onaangename daglichten* te vermijden.

EN MOUNTING *of a lampshade on a KENTIKA CEILING, KENTIKA SHORT CEILING or KENTIKA FINE CEILING suspension*

The *KENTIKA CEILING* is intended to place the lampshade *KENTIKA* on the ceiling.

The *KENTIKA SHORT CEILING* is intended to place the lampshade *KENTIKA SHORT* on the ceiling.

The *KENTIKA FINE CEILING* is intended to place the lampshade *KENTIKA FINE* or *NEFERKARE FINE* on the ceiling.

After the placement of the suspension against the ceiling, you can install the lampshade on this suspension by using the fixation provided at the bottom of the suspension. In attachment, you'll find the fixations « to stick » the lampshade even better on the ceiling with this purpose to avoid any *unpleasant daylight*.

DE MONTAGE *von einem Lampenschirm auf einem Pendelleuchte KENTIKA CEILING, KENTIKA SHORT CEILING oder KENTIKA FINE CEILING*

Die *KENTIKA CEILING* richtet sich nur um der Lampenschirm *KENTIKA* an der Decke zu platzieren.

Die *KENTIKA SHORT CEILING* richtet sich nur um der Lampenschirm *KENTIKA SHORT* an der Decke zu platzieren.

Die *KENTIKA FINE CEILING* richtet sich nur um der Lampenschirm *KENTIKA FINE* oder *NEFERKARE FINE* an der Decke zu platzieren.

Nach der Platzierung des Pendelleuchte an der Decke, können Sie der Lampenschirm auf diese Aussetzung installieren, mit Hilfe der Fixierung an der Unterseite der Pendelleuchte zur Verfügung gestellt. Im Anhang finden Sie die Fixierungen zu « kleben » um der Lampenschirm noch besser an der Decke zu installieren, mit dazu, *unangenehme Tageslicht* zu vermeiden.

KENTIKA CEILING - KENTIKA SHORT CEILING - KENTIKA FINE CEILING

Manufacturer : DAVIDTS LIGHTING – Brussels – Belgium – www.davidts.com

Installation and security instructions (please read and save)

This luminaire is manufactured according to European directives and standards relating to quality and safety of lighting fixtures. A declaration of conformity is available by downloading on our site.

Description of the lighting

Lighting for fixing to the wall or ceiling with handmade lampshade(s) with a soft and pleasant light distribution. More pictures, drawings and complete descriptions are available on our website.

Environmental protection

Our packaging is made from 100% recyclable or re-usable material. For care of the environment please sort or recycle. Fluorescent bulbs and waste electrical equipment should not be disposed of with household waste please take to a recycling facility. This fixture is essentially composed of solid brass. This metal and other elements are fully recyclable. At end of life, if you take the fixture to a recycling facility, each metal will be recovered for new metal production.

Installation of the lighting

This lighting is only intended for indoor use, it must be installed away from moisture, splashing and sources of heat. Suitable for direct mounting on normally flammable surfaces. Before starting the installation, ensure the electrical supply is OFF at the circuit breaker in the consumer unit. Only switching OFF at the wall switch is not adequate.

Carefully remove all packaging. All of our fixtures are fixed to the wall or to the ceiling by means of a mounting plate (placement is done by means of screws and dowels, not supplied). Some of our luminaires have more detailed installation instructions (attached to this document). Please read carefully before starting the installation.

If your light lighting has a fitting with lampshade ring, unscrew it in order to secure the lampshade to the fitting. If the lampshade is made with a seam, make sure that it is positioned towards the back of the light. Screw down the ring carefully. Place the bulb (not supplied) without forcing into the fitting. If necessary straighten the lampshade, only by carefully flexing the metal rods of the lampshade.

If you have any doubt about the installation of this lighting, please contact a qualified electrician.

Inserting or replacing a bulb

Always ensure the electrical supply is OFF before this operation. If necessary, let the old bulb to cool for 10 minutes before removing. Place the bulb without forcing into the fitting. Do not directly touch it with the fingers, but with a cloth (fingerprints reduce the lifetime of a bulb). Be always attentive to the choice of a bulb, never exceed the maximum power (W) authorized, indicated on the labels of the light fitting. If an integral LED bulb attached to the fixture is defective, please contact your distributor.

Maintenance of your lampshades

When your lampshade is dusted use only a brush suitable for delicate fabrics. Never rub the lampshade with a damp cloth or with water. Stains or marks on lampshades can't be removed, attempting removal will risk increasing the surface of the stain. In the case of a disaster, only a new lampshade can recover the original beautiful aspect and clarity of your lighting. To do this please contact your distributor.

Maintenance of your lighting

Because smoke and dust particles in the air are attracted by a heat source, a deposit will appear on the fixture in the course of time. For maintenance, allow the bulb to cool for at least 10 minutes. Clean the fixture with a paper towel soaked with glass cleaner. Never use solvents, abrasive or corrosive products. Never immerse the fixture in water. If the wires are damaged, they must be replaced by a qualified electrician. This fixture must never be modified as this can make it dangerous to use.
